TESTIMONIALS:

“Having just mediated and resolved a pharmacy malpractice case with Steve I found him to be a vigorous advocate for his clients, but fair and reasonable during the discovery phase and in mediation. His case evaluations are realistic. I would not hesitate to refer him a case for a friend or relative.”

**Kenneth Patrick
Winet, Patrick, and Weaver San Diego, CA**

“I have been litigating cases against Mr. Weinberg since 1987 and have had ample opportunity over the years to experience first-hand his knowledge of the law, his command of the individual facts and nuances of his cases and his professionalism and integrity in the adversarial process. I have found that the types of plaintiff lawyers that make good mediators are not the win at all costs zealots that we see so often, but the well reasoned, well prepared lawyers that can see and appreciate the defense side of this case. Mr. Weinberg has always demonstrated that ability. He places a high premium on civility while maintaining his aggressive representation of his clients. Steve has the honesty and personality to make a real difference as a mediator and this firm would not hesitate to take advantage of his skills in the mediation setting.”
